ABOUT

Check for a Lump began in 2009 as a simple call to action on social media “Don’t be a Chump! Check for a Lump!” and has grown to become a prominent 501(c)(3) figure in the Arizona breast cancer community with four pillar programs: Education, Mammograms, Wigs, and Support. Over the past 16 years, we have expanded to provide the full continuum of services that surround breast health and breast cancer support.

Since our initial outreach began, we have:

- Educated over 750,000 people about breast health facts and prevention
- Provided over 2,500 free wigs to women undergoing chemotherapy
- Served over 3,500 women with free mammograms and diagnostic tests
- Supported over 2,500 survivors with support groups and Super Survivor Kits

Check for a Lump takes great pride in fostering collaborative relationships with fellow non-profits to deliver the most efficient, effective, and supportive programs possible. In our community, there is a pressing need not only to educate individuals about the importance of breast health and self-care, but also to provide services for those without insurance who require access to annual screening mammograms. Additionally, we recognized the need to support breast cancer patients both during and after treatment by providing additional resources and comfort kits. By sharing these resources, we empower patients and their families to access the support they need.

By funding Check for a Lump, you help the Arizona breast cancer community access vital resources, educational programs, and essential support services that empower individuals to prioritize their breast health and navigate their treatment journeys with confidence.

PROGRAMS

 **EDUCATION PROGRAM** - Empowering people in Arizona and beyond with invaluable breast health facts and prevention information in English and Spanish. Distribution through annual magazine publication (online and in print), social media, website, and other media outlets.

 **MAMMOGRAM PROGRAM** - Providing free screening mammograms and diagnostic testing necessary for an “all clear” or a diagnosis of breast cancer to qualifying people in Arizona. We are able to provide screening mammograms through mobile mammography events with our community partners as well as provide facility-based exams.

 **WIG PROGRAM** - Impacting the lives of women in Arizona undergoing chemotherapy treatment for breast cancer with a free new wig - providing them the comfort and normalcy they deserve. Clients apply online and, once approved, may select a wig of choice up to \$300 at one of our approved wig shops.

 **SURVIVOR SUPPORT & RESOURCES PROGRAM** - Super Survivors Unite and A 2nd Act Girls Night Out foster a sense of community for survivors and their co-survivors to connect over their shared experiences at fun gatherings. We share stories, words of encouragement, and lots of laughter. It is during these events, as well as within our magazine and on our website, that we share additional resources that are available to those who have been affected by breast cancer. Super Survivor Kits are offered to people going through active breast cancer treatment. Each kit includes comfort items, selected by other survivors, to help them during a difficult time.

2026 PINK OUT

We are thrilled to invite you to a milestone celebration! Join us for the 10th Annual Pink Out 5K as we celebrate a decade of "pinking out" our community to support the vital programs at Check for a Lump.

What began as a small community gathering, the Pink Out has grown into a cornerstone event for our organization. Since its inception, this inspiring fun run/walk has fueled our mission, programs, and breast cancer community, bringing together people from all walks of life to stand united in the fight against breast cancer.

The supporters, participants, and sponsors of the Pink Out fuel the energy and impact of this event. Through your enthusiasm and contributions, you bring hope, connection, and resources to individuals navigating the challenges of breast cancer.

Without events like the Pink Out, many in our community would lack access to life-saving mammograms, essential education, and the supportive services needed to face breast cancer with confidence.

The 10th Annual Pink Out 5K invites you to grab your PINK, form a team, and walk, run, skip, or dance through a day of unity and celebration. The event features a vibrant Vendor Village, delicious food trucks, a fun kids' play zone, and free screening mammograms.

The power of community can transform lives. By participating in the Pink Out, you not only support Check for a Lump's mission but also create lasting hope for those affected by breast cancer and their families. Let's make this tenth year our biggest and most impactful yet!
